Guangzhou Pinger Vinyl Material Co.,LTD

1 Company profile

Guangzhou Pinger Vinyl Material Co.,LTD is China's first semi-flexible and antibacterial vinyl wall panel creator, established in 1999. We are a leading global manufacturer as well as the earliest one in China specializing in rigid and ecological wall panels and wall protection system products. Pinger is also one of the largest antibacterial vinyl wall panel brands in China.

Adhering to the high-quality development route and revitalization of industrialization of the country, we have worked hard persistently for over 20 years and have taken the lead in the industry. In addition, PinGer has been awarded as a National High-tech Enterprises, a National High-tech Cultivation Library and a giant of Guangzhou science and technology Innovation. We were also successfully listed in the State Equity Exchange Center in 2019.

By means of dozens of years of accumulation and precipitation, we always adhere to independent innovation and focus on product development and upgrading. Having closely associated with the South China University of Technology Laboratory experts to innovate new products, we have our own independent intellectual property rights of products and we have won more than ten inventions and new utility patents, including the Certificate of China Classification Society(MAD).

PinGer has set up a production base with several automated production lines, covering dozens of acres. We have ISO9001 / ISO14001 / ISO45001 three systems certification, the European Union CE certification, Europe and the United States SGS international testing and certification of third-party certifications in many countries. The production materials are green, non-polluting and non-harmful to the human body. The production base are covered by 70% green areas.

The green production environment, safe and patented formulas, advanced production technology and equipment contribute to first-class green and healthy Pinger products.

The company's main products are Pinger wall panel (antibacterial rigid wall panel), Pinger wall protection systems, Pinger anti-collision handrail systems, Pinger barrier-free systems, Pinger professional medical wall protection systems, Pinger medical clean systems, Pinger prefabricated wall protection systems, Pinger furniture finishing systems, Pinger door system, Pinger floor system, Pinger ceiling system, Pinger medical curtain system, Pinger infusion track system.

They can be widely used in medical places, high-end commercial spaces, public spaces, super five-star hotels, high-end residences, schools, laboratories, pharmaceutical plants, airplanes, ships and high-speed railways, etc.
